• Open to learn new ideas

MY HOBBIES
• Community Involvement
• Travelling

EXPERIENCE

101LOOP | Research Developer
September 2019 - Present | Advant Navis Business Park, NOIDA
- Working on the backend of their products using Django and Django Rest Framework.
- Manages deployments of the products on the server.
- Sometimes, I work on frontend frameworks like React and Angular too.

XPLORYO | Backend Developer Intern
June 2019 - July 2019 | 91 SpringBoard, NOIDA
- Worked on the authentication system of their app using Django.
- Worked on the backend part of their App.
- Build REST API's using Django Rest Framework.

XPLORYO | Backend Developer Intern
Jan 2019 - May 2019 | 91 SpringBoard, NOIDA
- Worked on the backend part of their App using Django.
- Worked with Docker to containerize their App.
- Integrated new features like Error logging using Sentry.io.

PROJECTS

PROJECT-SUBMISSION PORTAL | Github
Sep 2018 – Oct 2018
Django-based web app developed for project submission and to show updates to the attendees.
Tools used: Django for backend and Bootstrap for frontend.

QUOTE-SCRAPER | Github
March 2019 – March 2019
A fun project which scrapes quotes from **http://quotes.toscrape.com**. Picks up a random quote and display it. The player will have four chances to guess who said the quote. After every wrong guess they'll get a hint about the author's identity.

AWARDS AND DISTINCTION

• Finalist in **SIH 2020** organised by **Govt. Of India**.
• Certificate for completing the course **The Joy of Computing Using Python** from **NPTEL** .
• Participated in **Codefest'18** organised by **IIT-BHU**.
• Runner Up in **Neoteric Hunt**, a technical event organised at **IGDTUW, Delhi**.
